EDUCATION

Vellore Institute of Technology, Bhopal B.Tech in Computer Science — CGPA: 9.14	2023-27
Sainik Schhol Balachadi, Jamnagar Class XII — Percentage- 87.8%	2015-22

SKILLS

Languages	Java, JavaScript, TypeScript, Python, SQL
Frameworks / Libraries	Node JS, Express JS, React, Next.js, Tailwind
Databases/ORM	PostgreSQL, MongoDB, Prisma
Tools	Git, GitHub, AWS, Docker, Postman
Core-CS Concepts	OOP, Operating Systems, Computer Networks, DBMS

PROJECTS

CodeForge (GitHub)	2025
- Deployed a full-stack code editor in Next.js and TypeScript (OAuth-secured), supporting 6+ project templates and a dynamic file explorer, reducing project setup time by ~40%. - Architected a robust in-browser IDE by integrating Monaco Editor and WebContainers, enabling users to write and run full-stack applications entirely client-side, eliminating backend compute costs for code execution. - Designed a MongoDB and Prisma-backed data layer to persist user projects, sessions, and OAuth-authenticated accounts, enabling seamless multi-project management across the platform. - Implemented real-time AI-powered code completion using a self-hosted Ollama model, delivering low-latency, context-aware suggestions as users type.	
Hostel Buddies (GitHub)	2024-25
- Developed a full-stack hostel management platform using React.js, Node.js, Express.js, MongoDB, and Tailwind CSS, implementing JWT authentication, RBAC, responsive dashboards, and 15+ reusable React components across admin and student portals. - Designed 9 MongoDB models, 50+ RESTful API endpoints, and 8 route modules using the MVC architecture to automate 5+ hostel workflows, including attendance, billing, complaints, mess management, and student lifecycle operations. - Engineered middleware-based authentication, CRUD operations, input validation, error handling, and secure API design with JWT, bcrypt, Mongoose, reusable utilities, and optimized database queries for scalable backend performance.	

EXPERIENCE

Event Management Co-Lead · Software Development Club <i>VIT Bhopal University</i>	Sep 2024 – Apr 2025
Executed the end-to-end operations of the club's flagship fest, managing 12 unique event activities and ensuring high participation levels; the event received positive feedback from 95% of attendees, enhancing the club's reputation within the community.	
Open Source Contributor · GirlScript Summer of Code (GSSoC)	Oct 2024 – Dec 2024
Contributed feature enhancements and bug fixes to open-source projects during the 2-month GirlScript Summer of Code (GSSoC) program, leveraging Git, pull requests, and peer code reviews to ensure code quality.	

CERTIFICATIONS

AWS Certified Solutions Architect – Associate — AWS ([Link](#))
Gen AI Using IBM WatsonX — IBM ([Link](#))
Marketing Analytics — NPTEL ([Link](#))
Introduction to Machine Learning — NPTEL ([Link](#))
Bits and Bytes of Computer Networking — Google ([Link](#))

ACHIEVEMENTS

- Cleared the **NDA Written Examination** twice (**Course 148** and **Course 149**).
- Solved **300+** Data Structures and Algorithms problems on **LeetCode**.
